11.30 – 12.30 PM	Session 1 - Panel Discussion on “Policy Measures to Drive Manufacturing Excellence ” This session aims to discuss the key policy measures that would help in achieving Manufacturing Excellence. Manufacturing Excellence refers to the ability to provide high quality and competitively priced products and services in a global marketplace. Government policy is at the heart of achieving Manufacturing Excellence. Right policy measures like incentives and Ease of Doing Business would be the focus of discussion. Moderated by: Mr Shyam Bang , Chairman, FICCI Task Force on Manufacturing Excellence and National Accreditation Board for Certification Bodies (NABCB) – <i>confirmed</i> <ul style="list-style-type: none">• <u>Panellists</u><ul style="list-style-type: none">⇒ Dr K K Pathak, Commissioner – Industries, Government of Rajasthan⇒ Mr M K Saraswat, Director – MSME Development Institute, Government of India

	<ul style="list-style-type: none"> ⇒ Mr Raj Agarwal, MD & CEO, Genus Power Infrastructure Ltd ⇒ Mr Rohit Saboo, President & Chief Executive Officer, National Engineering Industries Limited ⇒ Mr Shreegopal Kabra, Managing Director & Group President, R R Kabel <ul style="list-style-type: none"> • Discussion and Q&A
<p>12.30 – 1.30 PM</p>	<p>Session 2-Panel Discussion on “Plant Maintenance, Vendor Development to achieve Manufacturing Excellence”</p> <p>This session focuses on two major pillars to achieve Manufacturing Excellence in an organization - Plant maintenance and Vendor Development. Plant maintenance is defined as a set of activities which are necessary to keep machinery, parts & equipment in good operating conditions. The practice of plant maintenance is vital to minimize the loss of production time due to equipment failure, reduce loss due to production stoppage and to keep all productive assets in good working conditions. Vendor Development involves making your supply chain robust, efficient and sustainable. This involves working closely with the vendors to improve their systems and quality.</p> <p>What are the measures and tools adopted by OEMs for the capacity building of their vendors and what are the new technologies available now for plant maintenance, would be the part of discussions in the session.</p> <p>Moderated by: Mr Suket Singhal, Group CEO, Secure Meters Ltd</p> <ul style="list-style-type: none"> • <u>Panellists</u> <ul style="list-style-type: none"> ⇒ Mr Ramesh Seshadri, Joint General Manager, Production Management, L&T -MHPS Boilers Pvt Ltd –<i>confirmed</i> ⇒ Mr Herbert Rosenast, General Manager- Engineering Units, RUJ & SRM Mechanics Pvt. Ltd. –<i>confirmed</i> ⇒ Dr Ramanand N Shukla, Director-ZED, Quality Council of India-<i>confirmed</i> ⇒ Mr Krishnan Iyer, VP - Manufacturing and Plant Head, JCB India Ltd ⇒ Mr Anil Saboo, Managing Director, Elektrolites (Power) Private Limited ⇒ Mr Murali C R, Plant Commercial Head, Bosch Ltd ⇒ BHEL ⇒ BEML • Discussion and Q&A
<p>1.30 – 2.30 PM</p>	<p>Lunch</p>

2.30 – 3.30 PM	<p>Session 3-Panel Discussion on “Sustainability and Circular Economy”</p> <p>A circular economy is presented as a system of resource utilization where reduction, reuse and recycling of elements prevails. Also, Companies that have implemented this system have proved that reusing resources is much more cost effective than creating them from scratch. This results in lowering of production price and sale price, thereby benefiting the consumer; not only economically, but also in social and environmental aspects. The session would be therefore focusing on the three basic components of Sustainability - Environmental Conservation, Social Responsibility and Economic Development.</p> <p>Moderated by: Smt Shailaja Deval, Member Secretary, Rajasthan Pollution Control Board</p> <ul style="list-style-type: none">● <u>Panellists</u><ul style="list-style-type: none">⇒ Shree Cement⇒ Asahi Glass⇒ Banswara Syntex⇒ Honda Cars● Discussion and Q&A
