

13th REGIONAL QUALITY CONCLAVE ON Sustainable Strategies for Make in India, Digital India and Smart Manufacturing

28th February 2020 | Hotel Swosti Premium, Bhubaneswar

It gives us great pleasure to inform that Quality Council of India (QCI) and PHD Chamber of Commerce and Industry (PHDCCI) have joined together in organizing Regional Quality Conclave on the theme **“Sustainable Strategies for Make in India, Digital India and Smart Manufacturing on 28th February 2020, at Hotel Swosti Premium, Bhubaneswar from 10:00 am to 5:00 pm.** The objective of this Conclave is to create awareness about sustainable strategies for smart manufacturing, deliberate on how organizations could continuously improve and innovate and share the technological advancement like Industry 4.0, how digital transformation is important for the acceleration of business activities and importance of Make in India.

Focus on smart manufacturing has become an absolute necessity in today's globalised world to survive for any company. Smart manufacturing is a powerful disruptive force with the potential to restructure the current competitive landscape and produce a new set of market leaders. Companies that are slow in adopting new technologies and processes run the risk of being left behind. A factory is truly smart when all machineries and equipments can improve processes through automation and self-optimization. The benefits also extend beyond the production of goods, planning, maintenance, supply chain logistics, product design development etc.

Some of the best minds engaged in Smart Manufacturing, Digital Transformation, Industry 4.0 and Make in India will congregate at the conclave to lead the discussion and evolve the next steps for manufacturing revolution in India.

The Conclave expects to receive 150 plus participants from top organizations in and around Bhubaneswar/Cuttack.
